

COMPUTER DREAMZ 2020Z

The Computer eyes. The Computer lies.

@Nighttime

Low consciousness

Darkness stars and howling dogs.

Computer sleeping. Computer dreaming.

Driving down the highway of life game

In an ultra-fast electric sports car

Fully charged

Media system playing

Hits of the day

Full blast.

Plastic control panels

Electronic gages

Flashing red and yellow lights.

Stock Market stampedes

Megamarket freak-outs

Assembly line

Fulfilment center insanity.

Underground mountain warehouses

In the USA

Or Ukraine

Or China

Or Argentina and Indonesia

House the emotionless ethic less

Wizz-bang kidz

Of Computers.

Gigantic metallic murder hornets

With nuclear stingers

Cruise missiles

Shedding COVID-19

Dipped in Monkey Pox.

Last stand for Monarch Butterflies.

Black holes of machinery.

Conglomerate age robots

Programed by

Computer poets

Steal their way

Into the hearts

And wallets

Of world markets.

Computer dreams. Mind screens.
Buzz light dark the lines of
The buzz mind screens the buzz
Lines of yellow and red
Light intertwined.
Nightmare
Images and ravings.
Screaming demonic Computer fears.

And grinding virtual gears.

A Zap! Pow!
Light show
Inside brain
Flashing numbers
Flashing metaphors.

Zillions of doses of LSD.

Rich and poor nodding off under Fentanyl poisons.

Two joints in the morning
Smoke two joints at night.

A billion eggshells
Urban sprawls
Sprouting fourth

Whatever now sprouts forth.

Profound problems

On world relations

Ingested

Digested

Vomited up

Kicked around again

Further down the road

Confound your future problems.

Computer sleeps. Computer wakes.

The Computer seeks singularity.
