May 22, 2015— marks the centennial of the birth of Julius Stürmer, painter, professor, and important graphic designer in the early German auto industry (Auto Union). Born in Caransebeş in the Banat (now in Romania), his career was interrupted by WWII and afterwards when he was arrested; ultimately to survive a decade in the Soviet Gulag. After release, he settled in the Bundesrepublik Deutschland (West Germany) and resumed his art and teaching career, and lived a very long and distinguished life. He died at home in Geltendorf, Bavaria, on February 7, 2011, aged 95. Julius Stürmer was, and remains, the grandfather of D. A. Wilson, publisher and editor of ROARSHOCK PAGE. Let us now continue with our exploration of ingenious extractions from SPAM email, presented in *Real Replica Watches* by Anon of Ibid.

Age cannot live together! answered Brenda Zimmerman, smiling at the pair let's don't believe fine young—to read the truth in others, and the earnest desire to help the blue, often plaid, and, strange to say, they frequently change skins for me, there's a dear girl. That's what I want; stand from under an arch aid for weeks. She taught music, dancing, and fine and fleeciest of the rams together, three in a rank, and under the hopes of inspiring him with a passion equal to that which she felt befitted the wife of Robert Anton Soloway, the mother of the beautiful Brenda Zimmerman, and of the care which he had now for their welfare. I have white listed you and that means that I will receive all the emails you send to me. That they must exert all which some called the van that moves round about, but when the moving poet began to tell of other occurrences where when morning was come, he made offer to depart, as if he were not offended to see a pitiful beggar, as they esteemed him, to be so poor a beggar, with the power to move their reviews everyday. But they have to be taller than me if they want a jam tart, Brenda Zimmerman. Bullshit D. Salvageable grinned. "It's all right," he said. "I haven't done anything to them." It's simple: enter this information in the appropriate blanks through the mountains about 90 miles east of Los Angeles, in an update on the crash. "They were making an aerial tour of Manhattan, of course," said a spokeswoman for Bullshit D. Salvageable who was finishing a four-day pre-viewing over the weekend at his Texas ranch. Bullshit D. Salvageable said he planned to be with his wife. "I knew that they were going to find him. I'd been praying about it." Bullshit D. Salvageable said at a rally for Robert Anton Soloway, all decked out in his stinking great coat. I use a good spam filter, and you probably do the same. Apparently, the metallic core unit did indeed flow slightly better than the ceramic unit. By Jesus Christ, we were to understand the eternal Son of God disciple. Why are you interested in Russian lady? Have you ever been to Russia? I will be waiting for your reply to the attention of Bullshit D. Salvageable. She wished that Jesus Hussein would come. She would tell him that she hadn't meant the suggestion that he cut off his brother's shaved head.
